featuring

Tall Timbers Treehouse is a multi-level play structure with water.

The Boogie Bear Surf offers guests a continual sheet wave for body boarding and surfing.

The **Tak-it-eesi-Creek** adventure river allows guests to float leisurely in inflatable tubes while being sprayed by water.

Lott-a-watta-Bay has cliff like rock formations, which spills water into lagoon.

The **Avalanche family raft ride** holds up to four people as they adventure down a winding slide with a 41-foot drop that simulates a white water rafting adventure.

Glacier Run and Snow Shoe Falls are two tube-shaped water slides which take guests through curls and tunnels culminating in a shallow catch pool.

Children will be staying at the lodge in rooms for ten, with at least one counselor for every 2 children. They need to bring a bathing suit, pajamas and clothes for two days. They also need \$15 which will be used to pay for lunch on the way to the resort and dinner on the way home. The money should be given to the medic when boarding the bus, in addition to any medication needed in their original containers. If you have any questions, give me a call at 222-2300 extension 423.
